RELIGIOUS LEADERS CAUCUS

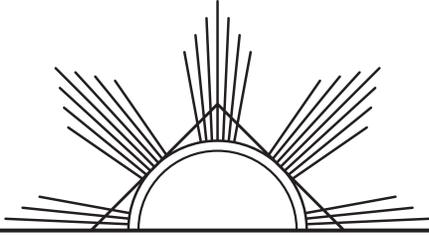

JOSHUA

Justice Organization Sharing Hope United for Action

MISSION JOSHUA builds relationships in the public and private sector to advance issues that align with our core values. JOSHUA inspires and equips people to work together on systemic justice issues in Northeast Wisconsin.

VISION JOSHUA envisions a fair and equitable future where everyone in Northeast Wisconsin is an active participant in building a strong and healthy community.

VALUES JOSHUA's core values are essential to our vision. Although we are composed of diverse faith based organizations, we welcome people of all backgrounds. We believe in the Inherent Worth & Dignity of Every Human Being. We believe in Equity, Education, Advocacy, Racial & Social Justice, and Community & Relationship Building.

JOSHUA's Religious Leaders Caucus

The Religious Leaders Caucus of JOSHUA is comprised of clergy and religious leaders who are supportive of the work of JOSHUA. Religious leaders who gather are both from JOSHUA member congregations and congregations not members of JOSHUA. We meet once a month, September through May for lunch, theological reflection, prayer and support.

The Religious Leaders Caucus offers service to JOSHUA in clarifying, developing and acting on issues of justice. This group seeks to provide the theological framework for the work we share. This caucus is often invited to provide guidance when JOSHUA is considering a new issue to assist in discerning how our shared faith values call us to action.

If you are interested in joining the Religious Leaders Caucus we meet the first Thursday of every month from noon to 2PM. The zoom link is on the website, www.joshua4justice.org.

Land & Labor Acknowledgment

JOSHUA acknowledges the ancestral homeland and traditional territories of Indigenous peoples who have been here since the time beyond memory or record and we recognize the Ho-Chunk Nation and the Menominee Nation are the original First People of Wisconsin.

We also recognize Oneida Nation people who currently call Brown County home.

We also acknowledge the initial and continued economic benefits that colonizers have gained due to the free, enslaved labor of Black people.

We recognize the historic and present violations of and systemic sins against people and our values, and in response, we commit to a long-term agenda that creates structural racial equity.
